

LEARN
Brynn uses a variety of literacy assessments to get to know the student and determine most pressing needs.

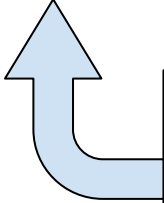

GOAL
Using assessments along with teacher and parent observations, an initial goal is determined.

MAKE A PLAN
We figure out a course of action and determine everyone's roles and responsibilities so the goal can be achieved!

GROW
Brynn works with the student regularly for the number of sessions determined in the plan.

EVALUATE
Have we met the goal?
What are next steps?
